Mixed dispatcher: independent field composition review

Native order and DegreeOne/DegreeTwo/Option mapping checked

Original validity + four nonzero weights → Some valid payload

Generic, cancellation, repeated and distinct branches composed

Fresh module, ten producer controls and readback: exit 0

Reviewer characteristic2 and invalid-input controls: exit 0

Three declarations: standard axioms only

Two manifest-reader preparation errors retained; producer unchanged

Scope excludes UInt64/compiler/counters/class sums/whole walk
