R125: N51 after branch-specific lambda corrections

5 November 2026 | exact R119-R124 inputs | eight places

Four simple-place N51 orders are now certified.

y0_e1: simple order=-30, seven tied=[0,7]

y0_e3: simple order=-21, seven tied=[0,7]

y1_e1: simple order=0, seven tied=[0,7]

y1_e2: simple order=0, seven tied=[0,7]

On all four tame-seven places, the next leading sum cancels.

Independent full binomial translation and Lean ties: pass.

Next: lift the degree-seven correction past its leading root.
