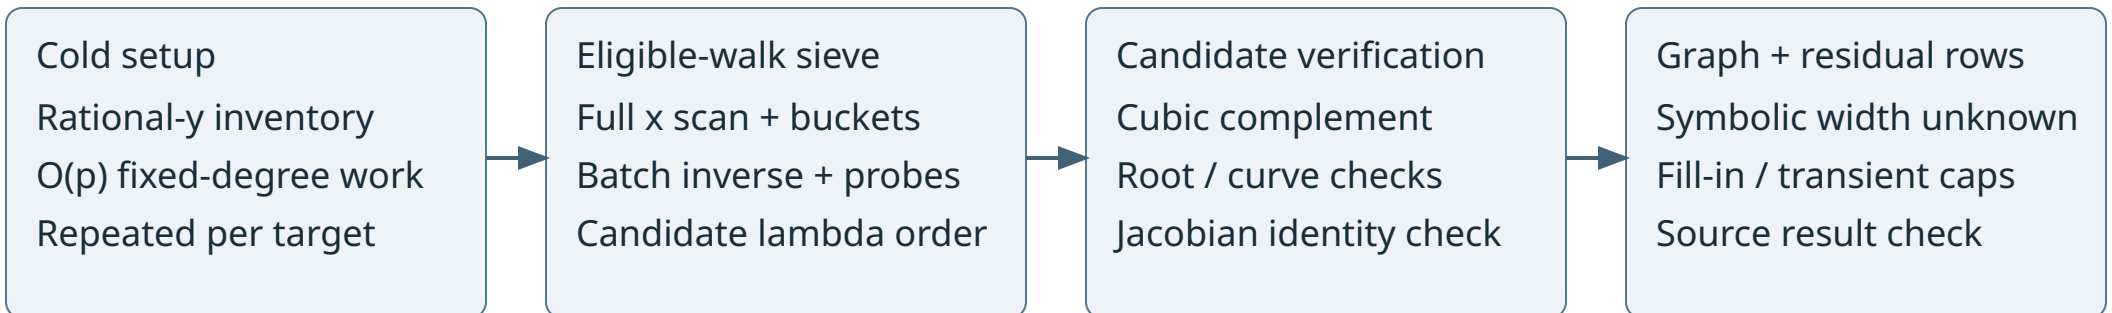
Pencil source work inventory · 2026-10-30

Frozen source e71e9cf9... · source bounds only · no measured bottleneck or cost ratio



Prospective options A/B: compact workspace; exact rational-support scan with charged exceptional roots.

Option C: exact sparse-row representation / path compression. Proof and accounting obligations remain.

Sources and assumptions: inventory.json + review.md. Prior failed runs retained; full 1,260-target goal incomplete.
